

# After the shot 2019

*We trust that you will have a wonderful hunting experience in Greenland.*

*Here is some information about what's comes after the shot....*

## 1. Skinning and tagging of your trophy

Your outfitter will take care of your trophy in Greenland and prepare it according to your preferences. Please make sure that all parts of the trophy are tagged correct and carefully, so we can identify it when we receive it.

**Important : Write your name and the trophy no. reference number the trophy tags with a water resistant permanent marker.**

## 2. Shipment of your trophy from Greenland to Aalborg in Denmark

Your outfitter/hunting agency will arrange shipping of your trophy from Greenland to Aalborg in Denmark . The cost for this service must be paid by the hunter direct to your outfitter/hunting agency.

## 3. Receiving of the trophy in Aalborg, Denmark

First Class Trophy will take care of your trophy when it arrives in Aalborg, Denmark, in partnership with Royal Arctic Line (RAL).

We will take care of following:

- Handling and customs clearance
- VAT (Custom clearance)
- CVED documentation
- Veterinary control/certificate
- Terminal cost
- Frost container rental during the entire import process
- Designated sealed frost transport to First Class Trophy taxidermy workshop
- Handling / unpacking, checking / tagging of trophies
- Frost storage of the trophies for later processing

**The price for this service in Aalborg, Denmark is 250 EURO when we can handle more than 20 trophies at the same time. If less than 20 trophies can be handled at the same time, the price is between 300-500 EURO depending number of trophies.**

## FIRST CLASS TROPHY

### 4. Taxidermy work

When the trophy arrives on our taxidermy workshop we will immediately take care and secure that your trophy get the correct treatment . First Class Trophy are Europe’s largest taxidermy company. We have considerable experience with trophies from Greenland, and can assure you the very best quality and service.

We offer following service:

#### “Dip & Pack”

If the hunter prefer another taxidermist than First Class Trophy he/she can choose to have the trophy prepared as “Dip & Pack ” for export to a preferred taxidermist. We boil and clean the skull and tan the skin for mounting (wet tanning, dried) and tan eventual back skin as flat skin

#### **PLEASE NOTE - VERY IMPORTANT**

Please note our extended “Dip & Pack” service includes wet tanning of the skin (dried for export).

#### We tan the skin rather than only salting for a number of reason:

1. We’ve got our own tannery, meaning that we tan the skin with full control over the process. This ensure that the hunter receives a skin that is quality checked for mounting. By this there is no risk that the hunter will receive a skin that is not suitable for mounting.
2. If there is any problem with the skin (hairloss or other quality problem) we will discover the problem during the tanning process and can act to solve it. And eventually source another skin for the hunter.
3. The hunter saves money: Our price for tanned skin are less than most other taxidermist will charge just for salting of the skin .
4. The hunter saves MORE money: The fact the skin is already tanned means it can be used directly for mounting by the hunters taxidermist without any other cost than the final trimming of the nose, ears and lips and soaking the skin in a liquid to make the skin flexible and stretchable again. So the hunter should get a discount on the mounting price from his /her local taxidermist compared to do the normal mounting price where the hunter only deliver the salted skin to his/her taxidermist. In the export box with the trophies, there is a document with information to your taxidermist which liquid solution to use for the soaking. Here is the approx. cost for tanning of skins for mounting in the USA:

**Muskox** : Life size skin : 1.000 - 1.200 USD, Cape size skin : 500 - 600 USD

**Caribou / Reindeer** : Life size skin : 300 - 350 USD, Cape size skin : 75 -100 USD

Depending of your taxidermist actual cost structure on tanning, the hunter should be able to get a nice discount on the mounting price.

### 2. Mounting

As Europe's largest taxidermy company we can promise you, that we will create a beautiful trophy mount for you. We create many trophy mounts from Greenland's wildlife, and can assure you a trophy mount in the best quality with attention down to the smallest detail. Please see our references from hunters all over the world on our website.

When the trophies are dried according to the regulations of Safari Club International, our SCI certified trophy measurer will do trophy measurement. This service and certificate is free of charge. And if the trophies qualify for a medal, the medal is also provided free of charge.

You can choose to have your trophy mounted as:

- European mount (skull on wooden shield)
- Shouldermount for wall
- Shouldermount for pedestal mount
- Full mount
- 

Please see separate sheet for inspiration and examples.

Please see our [mounting prices](#) on separate sheet.

### **5. Packing & crating of treated trophy of trophy mount.**

When we have finished our work with your trophy, we will build strong crates for transport to you. Our crates are built of approved material for export and meet all relevant international regulations. We will carefully pack your trophy into the crate so it arrives safely.

### **6. Shipping**

We ship your trophy to agreed address by either road transport or airfreight

If you live in an EU country we ship the trophy all the way to your doorstep and if you live in a country outside EU, we ship to preferred incoming broker in your country.

Please see our [shipping prices](#) on separate sheet

*Please note there is savings on packing, crating and shipping if we can ship 2 or more trophies to one (1) address. See separate information sheet.*
